

ResMed Astral 100/150 Portable, Powerful and Intuitive

The Astral offers a new level of Freedom and Independence. Just as powerful and efficient as its larger competitors it brings science and design together to allow for increased mobility with longer battery life, advanced triggering, and wide spread compatibility for every mode and every patient. Available for invasive and noninvasive patients of all sizes.

“We wanted the Astral 150 because we needed to have 3 separate settings day/night/&sick, Unicare worked with our Dr. and got us the Astral in 3 days, and we LOVE it!”

Rivas Family; Moreno Valley, CA

Unicare - Your Partner in Health

Unicare understands the importance of portability, convenience and safety in homecare. This is why we offer our customers top-of-the-line products that enable freedom, flexibility and comfort. Our proactive program ensures optimal ventilator performance, and our support team is always available, offering 24/7 training and support.
