

SeQual Eclipse 3 with autoSAT

Small, Trusted, Proven

The Eclipse 3 was developed with you, the patient, in mind. It adapts as your needs change. It is the all-in-one oxygen system for ambulating around the home, the town and the world! The Eclipse 3 keeps up with your various activities of daily living while providing the individualized oxygen.

Unicare - Your Partner in Health

Unicare Health Services is the best in the industry because of the focus on its patients. The team is truly passionate about the service and its commitment to excellence. By providing cutting-edge, top-of-the-line products and supplies, patients are worry-free and can enjoy life.

The Eclipse 3 was designed with a comprehensive dosing selection, that can be trusted at rest, during sleep, at exercise and at specific altitude.

“Unicare never left our side, They treated our daughter as if she was their own.”

Nguyen Family, San Marcos, CA
