

## VisionAire Oxygen Concentrator

### Lightest, Quietest, and Most Power-Efficient

Many oxygen patients around the world rely on the everyday dependability of oxygen concentrators for all of their in-home oxygen needs. Patients and providers have long established their objectives concerning in-home oxygen. Only with the VisionAire™ series compact concentrators, including VisionAire 3 & 5, are all these objectives met.

### Unicare - Your Partner in Health

VisionAire is the lightest and quietest oxygen concentrator on today's market. At just 30 lbs. (13.6 kg), this lightweight, 5 LPM, compact oxygen machine is the most economical and power-efficient choice for in-home oxygen.

With attractive, contemporary styling, a primary feature of this home concentrator is its near-silent operation. VisionAire appeals to the most sound-sensitive patients and their significant others who value their quiet time at home.

**"Unicare changed our lives by offering our daughter the flexibility and freedom to do the things she loves with the safe and portable medical equipment they provide."**

**Gonzalez Family, Fullerton, CA**

### VisionAire Oxygen Concentrator Features:

- **Oxygen Concentration:**\* 1-5 LPM at 90% +5.5/-3%
- **Dimensions:** 20.8 in. high x 14.1 in. wide x 11.5 in. deep (52.8 cm high x 35.8 cm wide x 29.2 cm deep)
- **Weight:** 30 lb; shipping weight - 37 lb (13.6 kg)
- **Power:** 115 V, 60 Hz, 3 amps; 220-240 V, 50 Hz, 1.5 amps; 230 V, 60 Hz, 1.5 amps
- **Power Consumption:** 290 Watts
- **Sound Level:** 40 dBA Relative
- **Alarms:** Power failure, high and low pressure, high temperature, no flow, low concentration (with optional oxygen monitor)
- **Humidity:** Up to 95% (non-condensing)
- **Operational temperature:** 41°F to 105°F (5°C to 40°C.) (Operating unit outside of this range can affect performance.)
- **Storage temperature:** -4°F to 140°F (-20°C to 60°C)
